A woman with long, wavy brown hair is standing on a balcony. She is wearing a white, sleeveless, knee-length dress with a ruffled neckline. Her arms are raised, and she is looking towards the camera. The balcony has a decorative wrought-iron railing with a lattice pattern. The background shows a building with large windows and lush green foliage, including a large plant with broad leaves in the foreground on the right. The lighting is bright and natural, suggesting a sunny day.

Treatments & Wrap/Masque

GRAPSEED ANTIOXIDANT OIL

A natural antioxidant oil enriched with vitamin E. The formula rejuvenates, hydrates and smooths the skin. Created from high quality natural cold press oil of grape seed, sunflower, safflower, jojoba and macadamia and vitamin E to provide intense moisture without leaving excess oil on the skin. For extra dry hands use with cotton gloves, moist heated towels, or heated mittens. For an even more intense treatment, apply Grape Seed Hand Antioxidant Oil and place hands in cotton gloves or feet in booties overnight. It can also be massaged into the skin before a paraffin wax treatment.

CNSC4303 - 30 mL (1 fl. oz.) with sprayer
CNSC4309 - (1 gallon)

DEEP DERMAL

A body heat activated intense hydration formula that brings moisture to a deep level of the dermis.

A DIFFERENT *kind of* SOAK OFF GEL COLOUR™

100% POLISH-FREE

Stabilized formula. No evaporation, thickening, hardening or yellowing guaranteed. Extended wear.

PERFECT PIGMENT MATCH

VENEER™ MATCHES the Cuccio Colour™ nail lacquer collection.

BLOCKS ULTRAVIOLET RAYS

COLOR HEART WINDOW is UV protected to allow your clients to see exact colour while preserving the integrity of the Veneer.

LED AND UV CURE

Just 30 seconds to cure in a LED lamp. And 2 minutes to cure in a UV lamp.

3 DIMENSIONAL

Can be mixed with Veneer 3D Design Powder to create 3D art.

NO MICRO SHATTERING

Veneer's Top Coat with High Gloss Armor prevents any micro-shattering that gives the nails a dull appearance. The armor also gives clients longer lasting durability and wear time.

CONDITIONING CLEANSER

AND CONDITIONING SOAK
Formulated with conditioning emollients. Never see dehydrated skin and nails again during cleansing or during soaking off. Helps nails to be healthier.

TRIPLE PIGMENTATION

2 coats = true color (yes, even black) this means that you save money and do not waste product on extra coats.

EXTENDED WEAR

Wear it until YOU want to take it off.

EXTENDED WEAR

Priced below competitors.

STEP 1 PREP

Prep is a natural nail dehydrator. It eliminates all moisture that can be locked in the nails after hand washing following the manicure/prep portion of the service.

13 mL. CCGT1002
2.5 oz. CCGT1004

STEP 2 FUSE

Fuse is a non-acid, pH bonder. It aids in the adhesion of the Veneer product. It also extends the wear time. (Perfect for clients that have oily nail beds)

13 mL. CCGT1012
2.5 oz. CCGT1014

STEP 3 BASE

Base is the first layer of the LED / UV curing process in the Veneer service. It acts as a barrier to prevent any staining of the nail.

13 mL. CCGT1022
2.5 oz. CCGT1024

STEP 4 VENEER

Select Cuccio Colour Veneer™ soak off gel colour of your choice.

STEP 5 TOP

Top is a high gloss armor for the Veneer. It repels scratches and cracks leaving the nails shiny for the entire length of the wear time.

13 mL. CCGT1042
2.5 oz. CCGT1044

STEP 6 CONDITIONING CLEANSER

Combines the cleansing solution that removes the sticky layer left behind by LED / UV products with the added hydration of a cuticle oil. It's the first step in preventing dehydration of the skin and nails caused by most cleansers. (Use after final step of Veneer topcoat)

8 oz. CCLQ1004
32 oz. CCLQ1006

CONDITIONING SOAK-OFF SOLUTION

Combines the soak off solution to remove the Veneer with the added hydration of a cuticle oil. The average "soak off gel" can cause damage in the soak off process by excessively dehydrating the nail plate. The added hydration aids in the removal process. As the Veneer is softened by the solution, oils help release it from the natural nail plate.

8 oz. CCLQ1014
32 oz. CCLQ1016

cuccio VENEER | *Peel it!* PRE-BASE™

Never soak-off your gel polish again!

Convert your Soak Off Gel, into a peelable gel polish that requires No more soaking in acetone! No more filing! No more damage to the natural nail! Simply apply Peel It! PRE-BASE™ before your Veneer Base coat application. No compromise to your high-shine, durable Veneer Manicure, just easier removal!

T3 LED/UV™
COOL CURE
VERSATILITY GEL

*The first ultra-thick viscosity gel
to replace acrylics!*

T3 LED/UV Controlled Leveling Versatility Gel was formulated with your "control" in mind. Acrylics are not flexible and can snap against too much stress. Incredible flexibility combined with professional strength adhesion, T3's thick viscosity offers total user control and gives you the ability to create exceptional results from a gel at affordable prices.

Available in 1/4 oz., 1 oz. and 2 oz.

CONTROL.
NOT THE GEL THAT CONTROLS YOU.

Available in 1/4 oz., 1 oz. and 2 oz.

CONTROLLED LEVELING

T3 LED/UV Controlled Leveling Gel

The Gel that you control, not the gel that controls you! Formulated to be extra thick in viscosity. It stays where you put it. Major benefit is the flexibility factor which gives it strength. A flexible T3 gel nail has shock absorption when hit unlike Acrylics that tend to snap because they have no flexibility. No heat reaction, high shine and 100% odor free.

Nail Art Brushes 4 pk

For striping, designing & creating nail art.

- Nail Art Brush: speckled or soft nail art
- Striper Brush: for stripes
- Mini Liner Brush: extra fine work
- Liner Art Brush: bold line & smoother strokes

CPBR9006

Assorted Nail Art Brush Set

CPBR9008

Striper/Liner Brush - This nail brush helps in creating stripes (long lines), striping stroke patterns, and plaid art (checks), and you can also use them to make animal patterns such as zebra or tiger prints. You get straight lines with these brushes with ease, which makes them perfect for nail artistry. Also to help apply Gel nail applications and Builders.

Flat Brush - This brush is also known as a shader brush. These brushes help in creating long fluid strokes on the nails. It also helps in creating one stroke patterns, blending and shading. They are also helpful in doing gel nails. Your set may contain 2-3 sizes of this brush.

Angled Brush - This brush basically helps in one-stroke nail art flowers on the nail. It is very easy to double-load the two different colors of nail polish while using it because of its angled bristles.

Fan Brush - A fan brush has many functions. It helps in shading, creating swirls, and sprinkling glitter. You can create beautiful stroke effects with this brush. It is also used in brushing off excess flocking powder or glitter too.

Dotter - This tool is easy to use and designed to create spots and polka dots for nails and more. This dotting tool kit contains different size dots.

Nail Art Versatility Mat

- Protects your workspace from polish gel spills, glues and stains
- Great for planning nail art designs
- Ideal for mixing colors
- Easy to clean
